10-4. BTW, I completed a review of 308 requests for the FOIA and dumped three more into the SharePoint folder. Remind me to ask on either of the calls this morning about DCT. The list shows 4 items for DCT and I am aware of only 3 and included them in the count.

Thanks Chris, no worries on the update I know you have been swamped and DCT is not letting up any.

Talk to you in a bit!

Yes, Pine Hope has been executed and for reasons beyond my knowing it was only recently sent to the Respondent (about a month went by but it has been delivered). I will have to check with Michele (copied) on the exact date she emailed to their counsel, but they have 90 days to implement and another 30 days to mail a report with completion date(s) and photographs of the corrective actions. That is it, about 120 days from within the last two weeks or so.

Sorry, I will add updating the compliance tracking to my list of things to do...

Chris

Morning Chris, I'm trying to finish my work load analysis for MJ.

Has Pine Hope AOC been executed?
If so, when does the monitoring period end?

I checked the narrative and the last entry is 12/2020, but I remember you drafting up the injunctive relief. Anyway, just trying to capture what is on everyone's plate.

Thanks,
Dan
